CERTIFICATIONS

Career Service Professional Level Eligibility

Issued: December 6, 2022

PROFILE INFO

A highly motivated recent graduate of BSCS with a GWA of 1.69 seeking an entry-level position to grow professionally, learn from more experienced developers, and contribute to the company's growth and success. Has a strong interest in software development and enjoys collaborating with others.

WORK EXPERIENCE

Software Developer Intern

Bicol Univerity ICT Office

June 2021 - July 2021

- Assisted teammates in setting up the working environment.
- Designed and built a PostgreSQL database to store the provided data of the employer.
- Developed the backend functionality that enables the web application to access and retrieve data from the database.

EDUCATION

Bachelor of Science in Computer Science

Bicol Univerity

June 2018 - July 2022

CUM LAUDE

PROJECTS

Handwritten Text Recognition of Medical Prescription Using Convolutional Recurrent Neural Network (Group Project)

Aug 2021 - Apr 2022

- Prepared, cleaned, and processed the needed dataset to meet and satisfy the requirements of the model.
- Trained the model and made the necessary parameter adjustments until the desired accuracy was reached.
- Coded the backend functionality of the WebView application.

BUCEILS-HS Online Voting System (Group Project)

Aug 2020 - May 2021

- Created the backend functionality for the admin and student election results as well as the vote status feature.
- Assisted other backend developers on the admin-side election result report feature.

Inventory Management System (Personal Project)

Dec 2022 - Present

- Enables users to track their stocks, add, update, view, and delete product details as well as record transactions and sales information.

Login and Sign up Form (Personal Project)

November 2022

- A simple login and sign-up form that enables users to create their accounts and view their profiles.
